# ORDER PANSY SEED NOW

## AT 1951 PRICES

A SELECTION FROM our C. W. HARROLD'S Private Blend, 1950.

This is a typical Exhibition type of Pansy flower of best form.

### Commercial Mixtures

This group comprises those mixed color sorts that can be considered best adapted for the production of good quality, competitive plants for general sale. The seeds are reasonable enough to meet the general demand and yet of excellent quality. With suitable culture plant production should average around 10,000 plants per ounce.

**HARROLD'S PEDIGREED GIANT ART-SHADES:** For the last several years this has been our most popular sort. It is of the finest Exhibition type, we believe as fine as any offered today, having robust, healthy plant habit; extreme hardiness and its flowers are at the very top in size. We have had flowers in our seed fields that were 5 inches across. The flower stems are long and substance of the stem and flower is very heavy giving a flower that holds its head up. Color blend is formula controlled and like all Exhibition types is most adequate in the lighter, flashy shades that make mass beds of great eye appeal. **SEED PRICES:** Pkt., about 1,000 seeds, \$1.00; 1/8 oz. \$2.50; 1/4 oz. \$4.75; 1/2 oz. \$9.25; 1 oz. \$18.00; 2 ozs. \$32.00; 4 ozs. \$45.00.

**HARROLD'S PEDIGREED SWISS GIANTS:** A top American strain of the so-called "Swiss" type or Fancy type. (See our new Harrold's Pedigreed American Giants offered on reverse side of this sheet) Flowers 4 inches and more across are frequently produced when well cultured. The flowers have the heavy blotched center so typical of this type and the colors are more in the dark shades which are rich in tone. They are better for specimen planting rather than mass effect. **SEED PRICES:** Pkt., about 1,000 seeds, \$1.00; 1/8 oz. \$2.50; 1/4 oz. \$4.75; 1/2 oz. \$9.25; 1 oz. \$18.00; 2 ozs. \$32.00; 4 ozs. \$45.00.

**HARROLD'S PEDIGREED GIANTS:** The parent of our Art-Shades and one of the top quality bedding mixtures. While less modern they have an excellent color range and plant habit and flower size is very well adapted to commercial planting. A reasonable compromise on quality when seed price is a consideration. **SEED PRICES:** Pkt., about 1,000 seed, \$1.00; 1/8 oz. \$2.00; 1/4 oz. \$3.75; 1/2 oz. \$7.25; 1 oz. \$14.00; 2 ozs. \$26.00; 4 ozs. \$35.00.

**HARROLD'S IMPROVED SWISS:** An older, less modern strain of the same type as our Pedigreed Swiss Giants and American Giants. Good color, habit and hardiness and used by many of our customers who grow plants for the rather intense price competitive trade. **SEED PRICES:** Pkt., about 1,000 seeds, \$1.00; 1/8 oz. \$1.75; 1/4 oz. \$3.00; 1/2 oz. \$5.75; 1 oz. \$11.00; 2 ozs. \$19.00; 4 ozs. \$27.50.

**HARROLD'S ALL-AMERICAN BEDDING MIXTURE:** This is a formula compounded mixture that contains about all the different types of Pansies now in commerce. About 80% is of our other Harrold originations and the rest is from the foremost sorts received from other growers or grown in our test work. Highly recommended for general bedding at a price. **SEED PRICES:** Pkt., about 1,000 seeds, \$1.00; 1/8 oz. \$1.75; 1/4 oz. \$3.25; 1/2 oz. \$6.25; 1 oz. \$12.00; 2 ozs. \$20.00; 4 ozs. \$30.00.

### Special Purpose Pansies

**HARROLD'S PEDIGREED CUT-FLOWER PANSIES:** There are two distinct types of these.

**TALL SELECTION:** Plants up to about 4 1/2 feet high with flower stems often 10 to 16 inches, quite stiff when greenhouse grown. Color range is the best of any of the tall growing strains and the flower size is very good under proper culture. Not Hardy: This is the only Pansy we grow that is not fully hardy but it will be damaged by exposure to temperatures below 20 degrees above zero. **SEED PRICES:** Pkt., about 500 seeds, \$2.00; 1/8 oz. \$5.00; 1/4 oz. \$17.50.

**ORIGINAL STRAIN:** The original offering of a Pansy bred for cut-flower growing made by us about 20 years ago. Growth is rather low but under glass the flowers are large and stems 8 to 12 inches long. Color range is as varied as some of our best Exhibition strains for bedding and the plants are just as hardy, being quite easily wintered outdoors. When grown outdoors the stems may be a bit shorter but still satisfactory for bouquets. **SEED PRICES:** Pkt., about 500 seeds, \$1.50; 1/8 oz. \$3.50; 1/4 oz. \$12.00.

1952 Prices being quoted by some Pansy Specialists and seedsmen are substantially increased without warning or protection to you. We expect to show some price changes in our 1952 Pansy Annual which will be issued in July. However, we are affording you **THIS OPPORTUNITY TO COVER YOUR JULY AND AUGUST NEEDS AT 1951 PRICES.** To take advantage of this protection we must have your order prior to publication date of the New Annual and all sales at 1951 prices will be on a cash with order basis only. Orders received after July 10th will be subject to 1952 prices.

### Novelty & Fancy Mixtures

This group covers several recently released new strains or mixtures that have been developed toward a specific color range. Each has a special nich in the fanciers needs and many commercial growers will find them useful for the more fancy type of trade where price is less an object.

**HARROLD'S PEDIGREED AMERICAN GIANTS: THEY'RE NEW FOR '52.** See other side of this sheet for description and prices.

**C. W. HARROLD'S PRIVATE BLEND:** Introduced in 1949-50 this is one of our newest and top mixtures. Many unusual shades in orchid and pastels with a new ruffled and frilled form. Giant size, good habit and a fine Exhibition type. **PER PACKET,** about 500 seeds, \$2.00; 1/8 oz. \$5.00; 1/4 oz. \$9.00; 1/2 oz. \$15.00; 1 oz. \$25.00; 2 ozs. \$40.00.

**HARROLD'S PEDIGREED NOVELTIES:** A blended mixture from our breeding department. It carries many new colors and forms not yet included in any regular mixture. Recommended where the unusual is desired. **PER PACKET,** \$2.00; 1/8 oz. \$5.00; 1/4 oz. \$17.50.

**HARROLD'S ATOMIC DAWN:** A novelty blend of pink, lavender, delicate blue, light gold and many pastel shades that are entirely new in Pansies. The polychrome bronze shades are especially striking. Many flowers heavily ruffled. Size, medium giant with robust, hardy plant habit. **PER PACKET,** about 500 seeds, \$3.00; 1/8 oz. \$8.00.

**HARROLD'S SUNSET GIANTS:** Sunset shades of orange, red and gold. These are bright shades for borders or mass bedding. The size medium giant and the habit robust with good winter hardiness. **PER PACKET,** about 500 seeds, \$2.00; 1/8 oz. \$5.00; 1/4 oz. \$17.50; 1/2 oz. \$30.00.

### Pansies in Separate Colors

Retail growers as well as wholesalers find a modest demand for Pansies in separate colors; usually not to exceed 20% of total production. These seed offered here covers this sort of demand well and will be found as true to color and type as any seed of this nature available, usually from 80 to 90% or better.

Variety	Price per Pkt.	1/8 oz.	1/4 oz.	1/2 oz.
Harrold's Azure Giants: Best intense blue.	\$1.00	\$2.00	\$3.75	\$7.25
Harrold's Golden Giants: Deep golden yellow with large velvety center blotch.	1.00	2.00	3.75	7.25
Harrold's Ruby Giants: Finest blend of red shades.	1.00	2.00	3.75	7.25
Coronation Gold: Very popular pure yellow with no mark in center or slight penciling.	1.00	2.00	3.25	6.25
Delft Blue: Porcelain blue. A delicate shade.	1.00	2.00	3.75	7.25
Pay Dirt: A very large golden yellow with little marking. Is developing in popularity.	1.00	2.00	3.75	7.25

#### SWISS TYPE SEPARATE COLORS.

Alpenglow: Select dark reds. Ruby Giant better.	1.00	2.00	3.25	6.25
Black King: Largest nearly black Pansy.	1.00	2.50	4.25	9.25
Blumlsalp: Soft pink and rose shades.	1.00	2.50	4.25	9.25
Fire Beacon: Wallflower red orange. Velvety.	1.00	2.00	3.25	6.25
Lake of Thun: Also listed as Thuner Sea or Ulswater Blue. A lovely shade. Azure Giant better.	1.00	2.00	3.25	6.25
Orange Giant: Light orange shaded apricot. Good.	1.00	4.00	7.50	12.00
Pure White: Finest of color. Fragrant and ruffled.	1.00	2.00	3.25	6.25
Raspberry Rose: Soft raspberry pink.	1.00	2.25	4.00	7.00
Rheingold: Deep yellow with blotch. Suggest Golden Giant as preferable.	1.00	2.00	3.25	6.25

HARROLD'S PEDIGREED

# Pansies

SEEDS and PLANTS

## HARROLD'S

Box 29  
GRANTS PASS  
OREGON

PRIMULA POLYANTHUS

The grower who handles Pansies and Violas will generally find that the hardy primroses are a most practical addition to his line of plants. The culture is near enough like the other two plants, both from the standpoint of the commercial grower and the home gardener that they are a very easily handled combination. Also the appeal of these hardy Primroses is as great although for many reasons they have not been as universally grown; mostly, probably, because they have not been brought to the attention of your gardening customers. They are even more ideal for spring display in those beds that are in light or heavily shaded situations.

### THE MOST USEFUL KINDS

**BLUE SHADES:** For the first time in several years we are able to offer a limited supply of seeds of blue polyanthus that has proven to be reasonably true to color. The shades range from bright azure blue to violet blue in about 75% of the plants with the others of desirable dark shades. Flowers are large and plant habit good. **SEEDS \$1.50 per pkt., of about 150 seeds; 3 pkts. for \$4.00.**

**HARROLD'S PEDIGREED GIANTS:** (Polyanthus-Venis Hybrids) These are the largest flowered and a strain of the most varied colors to be obtained today. Available in mixed colors only the blend is most brilliant, containing reds, bronze, yellow, purple, white, pink, flame and many pastel multi-colors. Growth is robust, disease resistant and flower heads are massive. Seeds planted now will give nice plants for bloom next spring. **FRESH CROP SEEDS: Ready in July. Trade Pkt., about 300 seeds, \$1.00; 3 Pkts. for \$2.50; 1/2 oz., about 1500 seeds, \$4.00; 1/4 oz. \$7.50; 1/8 oz. \$14.00; 1/2 oz. \$25.00; 1 oz. \$50.00; 2 ozs. \$95.00.**

**OREGON GIANTS:** (Polyanthus) A giant strain from an outstanding Oregon specialist. Wide color range, mostly in the lighter shades. **FRESH CROP SEEDS: Trade Pkt., about 300 seeds, \$1.00; 3 Pkts. for \$2.50; 1/2 oz., about 1500 seeds, \$3.25; 1/4 oz. \$6.00; 1/8 oz. \$11.00; 1/2 oz. \$20.00; 1 oz. \$35.00.**

**OLYMPIC GIANTS:** A giant Polyanthus strain from the collection of a Washington State breeder. Basically mostly from Pfizer's Colossea and English strains. Large size and a good color range. **FRESH CROP SEEDS: Trade Pkt., about 300 seeds, \$1.00; 3 Pkts. \$2.50; 1/2 oz. \$3.25; 1/4 oz. \$6.00; 1/8 oz. \$11.00; 1/2 oz. \$20.00; 1 oz. \$35.00.**

**POLYANTHUS MIXED:** A mixture of imported strains which we blend to formula. Probably as fine a mixture of imported seeds as are to be had though not as highly developed as the American stock offered above. **SEEDS PRICED AT: Trade Pkt. 50¢; 1/2 oz. \$2.00; 1/4 oz. \$3.25; 1/8 oz. \$6.00; 1/2 oz. \$11.00; 1 oz. \$20.00. New crop seldom available before Sept.**

**CASHMIRIANA:** Denticulata. Small florets of lilac shades in large, dense heads on rather long stems. Plant about 10 inches high and quite free flowering. **SEEDS PRICED AT: Trade Pkt., about 500 seeds, \$1.00; 3 Pkts. for \$2.75; 1/2 oz. \$4.00.**

**AURICULA:** The popular Alpine type especially adapted to the shaded rockery or well drained bank or terrace. Likes a rocky or pebbly soil with free drainage although it need not be exceedingly rich. Flowers are large in medium sized clusters. Coloring most varied and exclusive to this variety. Each floret has a center blotch surrounded with a contrasting or complementary color. **SEED PRICES: Trade Pkt., about 400 seeds, \$1.00; 3 Pkts. for \$2.75; 1/2 oz. \$3.50; 1/4 oz. \$6.50; 1/8 oz. \$12.00; 1 oz. \$22.50.**

**PACKETS OF LIKE PRICE MAY BE COMBINED FOR 3 PKT. PRICE.** Culture Sheet Supplied With Each Primrose Seed Order.

## BEDDING PANSIES

### IMPORTED SEED

This group is composed of what is called Giant Bedding Pansies in Europe. They are not nearly as large flowered as our American varieties but are very useful for mass color effect. Many park departments and Estate Gardeners use them extensively because of their trueness to color and the lower price of the seed. The Hiemalis type is exceedingly hardy and early flowering.

# Harrold's Pansy Gardens

PANSY SPECIALISTS FOR 50 YEARS

BOX 29 - DEPT. 14

GRANTS PASS, ORE.

They're NEW for '52...  
**HARROLD'S PEDIGREED**  
*American Giant*  
Pansies

This new race of Fancy Pansies will certainly please those fanciers who prefer their pansies large in size, deep in color and velvety in texture. Description must of necessity be by comparison with something that many people know. In this case probably the most widely known basis of comparison would be the popular "Swiss" types of Pansies although this new race is so much improved as to be as much of a step forward in improved Fancy Type Pansies as the "Swiss" type was when it was introduced.

Plant habit is compact and robust with the flowers on exceptionally long stems. Foliage is bright green with the huge leaves apparently of the hardest constitution. Takes heat well and appears to be free of any disease or pests.

The flowers are very large - on a par with our famous Harrold's Pedigreed Giant Art-Shades - but the velvety deep tones set them entirely apart from the average Fancy Pansies. The predominant shades are red or have some red in the color combinations. A few brilliant blues and purples are found and bronze and pink shades will be found. Yellow is in limited ratio and practically no white. Self colors have not so far developed in this group. Many of the multicolor combinations are entirely unseen before in Pansies. These have been the center of attraction in our test and seed gardens without competition.

**SEEDS (Supply Limited):** Pkt. about 500 seeds, \$2.50; 1/8 oz., about 1500 seeds, \$6.00; 1/4 oz. \$11.00; 1/2 oz. \$20.00; 1/4 oz. \$32.50; 1 oz. \$60.00.

# GREENHOUSE FORCING STRAIN

## *Snapdragon Seeds*

The turnover in Snapdragon varieties has been so terrific the past few years one can hardly keep up with it. What has become of so many of the highly publicized sorts? Here we list a group of the old standby sorts that have proven good over the years and we still believe that most of them have appeal to a lot of our florist friends, at least our demand for them would indicate this to be true.

**QUANTITY DISCOUNTS** - Order 5 regular Trade Packets and deduct 10%; 10 to 25 pkts. 15%; 25 pkts. or more 20%. No discount on the 1/4 packets.

**TRIAL PACKETS** - (1/4 pkts.) For the convenience of the smaller grower we have supplied these smaller packets for many years. Not less than **FOUR** may be ordered at a time but you may order any quantity above that to meet your needs. They contain approximately 1/4 of the seeds of a standard trade packet.
